

# First stop for new DFG Erasmus+ project „Headlines: More than Meets the Eye“: Madrid

First stop for this new Erasmus+ project „Headlines: More than Meets the Eye“ was Madrid from the 26th until the 1st of February.

Besides comparing newspaper front pages from Finland , France, Germany, Greece and Spain, students discovered Madrid and the Spanish way of life in the families where they were hosted.

They also produced their own front pages and participated in a radio programme that will be broadcasted in Madrid.

Next stage of the project will take us to Athens.
