

Cambridge Certificates 2021

After a corona-caused break in 2020, our 2021 preparation course in spring and summer was offered to both 1ère and Terminale students, some of whom we prepared remotely via video. Having prepped all 90 candidates properly for the “mammoth” exam day in July, we were confronted with about 20 of them being quarantined at the last minute. They had to pass the exams in November.

Cambridge Certificates 2021 at DFG-LFA

Now we are relieved and proud to say that 90 of our DFG / LFA students passed the 2021 edition of the Cambridge exams (CAE = level C1 or FCE = level B2).

Congratulations!
