

Erasmus+ Individual Exchanges - The first steps

Jules and Sarah from the Franco-German high school are the first to welcome European students under the Erasmus programme.

Sacha is an Austrian student from the Akademisches Gymnasium in Vienna and Cristina is a Spanish student from the Lycée Zola de Las Rozas in Madrid.

Thanks to an Erasmus grant, Jules and Sarah will also travel to the partner schools for several weeks to improve their language skills and to experience life with Austrian and Spanish families.

We hope that these pioneers will inspire other students to embark on this unforgettable life experience.
