

Third Erasmus+ meeting in Montana, Bulgaria

This year and for their third meeting, JobTrotter partners have convened in Bulgaria.

Our pupils, who were all hosted at Bulgarian's families, discovered a country and a culture remote from their usual and daily environment.

Cultural visits, work around our theme « work and mobility », and socialising were all on the menu. If success was measured by the amount of farewell tears that were shed at the time of parting, this meeting was definitely successful.

However, despair not because this project is not yet over and May will be for us the time to match the friendliness and hospitality shown by our Italian, Spanish and Bulgarian partners.

See you in May in Saarbrücken.
