

# Cambridge Certificates 2024

After preparation classes in spring and summer 2024, around 50 of our pupils passed last year's University of Cambridge English Examinations in June 2024.

25 pupils went for the FCE (First Certificate of English, Level B2 of the CEFR), some even reaching C1 level. 23 pupils tackled the CAE (Certificate of Advanced English, Level C1 of the CEFR) - some of whom had such outstanding results that they reached C2 - the highest possible level.

We are, once again, very proud of the fact that such a large group of candidates passed the examinations - you are now equipped with a very prestigious certificate which will most certainly be of great value for you in your future!

Congratulations to all of you!
